Neighborhoods near the LVCC

Downtown Las Vegas

Downtown Las Vegas is the central business district of Las Vegas, Nevada. It is the original town site and gambling district of Las Vegas, prior to the Strip, and the area still incorporates downtown gaming. As the urban core of the Las Vegas Valley, it features a variety of hotel and business skyscrapers, cultural centers, historical buildings, and government institutions as well as residential and retail developments. Downtown is located in the center of the Las Vegas Valley and just north of the Las Vegas Strip, centered on Fremont Street, the Fremont Street Experience and Fremont East. The city defines the area as bounded by I-15 on the West, Washington Avenue on the North, Maryland Parkway on the east and Sahara Avenue on the South.

The Las Vegas Strip

The Las Vegas Strip is an approximately 4.2-mile (6.8 km) stretch of Las Vegas Boulevard South in Clark County, Nevada. The Strip is not located within the City of Las Vegas but is in the unincorporated towns of Paradise and Winchester, which are south of the Las Vegas city limits. Most of the Strip has been designated an All-American Road and is considered a scenic route at night. Many of the largest hotel, casino, and resort properties in the world are located on the Las Vegas Strip. Fifteen of the world's 25 largest hotels by room count are on the Strip, with a total of over 62,000 rooms. One of the most visible aspects of Las Vegas' cityscape is its use of dramatic architecture. The modernization of hotels, casinos, restaurants, and residential high-rises on the Strip has established the city as one of the most popular destinations for tourists.

These birds, as well as a collection of other feathered friends, fascinate our guests and populate our Wildlife Habitat. The X Scream, "is an eight seat ride that dramatically thrusts its open roller coaster car along a 69-foot ramp at 30 miles per hour until suddenly stopping 29 feet over the edge of the tower and 866 feet from the ground below. The panoramic view from the top and the temporary sensation of free fall add to the ride's exhilaration.

Shark Reef Aquarium - A trip to the Shark Reef at Mandalay Bay takes guests on a 14-exhibit journey through a jungle environment into a sunken shipwreck where they will see 2,000 animals, including some of the most dangerous predators in the world. Las Vegas Shows

Blue Man Group - With invigorating music, innovative lighting effects, sensational technology and the antics of three captivating blue men, the show brings an over-the-top experience to audiences on the Las Vegas Strip. The excitement starts with a dazzling percussive parade that begins 45 minutes before each show. The high-energy procession, a musical centipede of percussion instruments, musicians, robots and puppets co-created with world-renowned 3-D designer Michael Curry, immerses unknowing spectators into the imaginative world of the Blue Man Group. It's your first insight to the thrilling spectacle that awaits you when the Blue Man Group is onstage.

Mystère by Cirque du Soleil - You could view *Mystère* by Cirque du Soleil as a deep, abstract interpretation of the origins of life and the universe. Or you could simply see it as the most "pure" Cirque du Soleil experience you can get in Vegas. Either way, *Mystère* is going to wow you with the beauty it evokes and the acrobatic talent it showcases. This show fuses elements of performance art, music and culture from around the world, using characters that seem both familiar and exotic all at once. Performers in colorful outfits channel birds, lizards and other colorful animals with dance and acrobatic maneuvers, just as the two baby characters bring both laughs and gasps to the audience with their innocent and often near-perilous hijinks.

Jersey Boys - The show is a musical documentary that tells the often turbulent, rags-to-riches story of Frankie Valli and The Four Seasons. It follows the lives of the four blue-collar boys from the tough streets of Newark, New Jersey, as they became one of the biggest pop music sensations of all time. The story is told from the viewpoints of all four band members: Tommy DeVito, who founded the group and kept them together until they finally hit it big with "Sherry" in 1962; Frankie Valli, the best-known member of the group with his trademark falsetto voice; Bob Gaudio, who penned the group's biggest hits; and Nick Massi. Some people will also be surprised to learn that it includes the story of actor Joe Pesci, the friend who introduced DeVito to Gaudio and helped launch the group's rise to success.

LOVE Cirque du Soleil - The Beatles *LOVE* by Cirque du Soleil at the Mirage takes audiences on a magical journey through the fantastical world depicted by the timeless music of the Beatles. Acrobatics, aerialists and a cast of colorful, intriguing characters combine to create a mystifying visual paired with the already sensational soundtrack.

Rock of Ages - Broadway and motion picture hit Rock of Ages will have audiences at the Venetian singing along to their favorite rock songs of the '80s by bands like Styx, Journey, Bon Jovi and Poison. The hilarious Rock of Ages brings audiences back to the era of big hair and even bigger bands with a soundtrack of 28 popular rock songs from the '80s including "Every Rose Has Its Thorn," "I Wanna Know What Love Is," "Here I Go Again," "Don't Stop Believin' " and more.

O by Cirque du Soleil - O by Cirque du Soleil is an ethereal, visually stunning show that incorporates the elements of air, fire and - most prominently - water. The name, a play on the French word for water, is fitting. A cast of 85 acrobats, synchronized swimmers and divers perform in and above a 1.5 million-gallon pool.
